

## DASPA – Reception and schooling programme for newly arrived students

### 1. DASPA expertise : a gentle and effective immersion

Our DASPA programme (Reception and Schooling Programme for Newly Arrived Students) is designed as a true gateway to academic success.

➤ Personalised Teaching Approach

By limiting class sizes to groups of 8 to 12 students, we ensure individualised follow-up. Teachers apply differentiated instruction, adapting each lesson to the learner's pace.

➤ Skill Levels

The DASPA programme is structured into four French proficiency levels, allowing students to validate their learning step by step.

➤ Time for Success

This learning pathway lasts from 6 to 18 months, with exceptional extensions possible, in order to guarantee a solid transition to transition or qualification classes.

➤ Multicultural Richness

With over 60 nationalities already welcomed, our school fosters open-mindedness and learning through human exchange.

### 2. A Diverse Educational Offer

After DASPA, or through a traditional pathway, the school offers a wide range of options to support each student's academic project :

- General and Technical Transition Education, A comprehensive curriculum developing curiosity and analytical rigour, with specialisations in the following fields :
  - Sciences and Mathematics
  - Modern Languages (Spanish, Chinese)
  - Classical Languages (Latin)
  - Economics
  - Applied Economics
  - Social Sciences
  - Physical Education

- Qualification education, a curriculum focused on practical and rewarding career pathways, in the following field:
  - Educational Assistant

### 3. Student life and support services

Student well-being is also supported through streamlined logistics and a healthy environment :

- School Restaurant

The school has an on-site restaurant offering varied meals. For optimal management, access is organised via a reservation system, ensuring smooth service and high-quality organisation.

- Guidance and Health Services

A multidisciplinary team, including educators, a school nurse, a social worker and a psychologist, provides ongoing listening and psychosocial support.

- Sports Facilities

Students benefit from sports facilities within the school as well as access to a high-level sports complex located just a short walk from the campus.

## DASPA – Timetable 2026–2027

|                               | Course Title                         | Number of Periods |
|-------------------------------|--------------------------------------|-------------------|
| <b>Common Core Curriculum</b> | Philosophy Course                    | 1                 |
|                               | Philosophy and Citizenship Education | 1                 |
|                               | French                               | 6                 |
|                               | French as a Foreign Language         | 8                 |
|                               | Mathematics                          | 6                 |
|                               | Science                              | 2                 |
|                               | Geography                            | 1                 |
|                               | History                              | 1                 |
|                               | Physical Education                   | 3                 |
| <b>TOTAL</b>                  |                                      | <b>29</b>         |
